		DT	Cook: Pizza and Gingerbread This recipe includes using knife skills (the bridge and the claw technique) which may be challenging for year 1 students. Teachers should ensure extra supervision and assistance is in place for students of this age.		Sew: Pencil Cases The instructions given for making these pencil cases include pinning a template on fabric, cutting out the fabric and using running stitch to join the two halves of the pencil case together. Year 1 students may find this challenging. Teachers may choose to pre-cut the fabric that year 1 students use and provide extra supervision/assistance for children whilst sewing.		Build: Moving Pictures The instructions given for making moving pictures ask the students to create a design which can include using mechanisms such as a slider which moves up and down, a slider which moves from side to side and a lever. Year 1 students may find creating 3 different mechanisms challenging and teachers may choose to limit year 1 students to using only 1 or 2 of these mechanisms.
