Friday 12th February 2021

Dear Parents and Carers,

I hope you and your extended families are safe and well. Hopefully, with the vaccine, lighter nights and spring on the horizon there is a bit of light for us all at the end of the tunnel. On behalf of all the staff at Stanley Road we would like to thank you for the many lovely messages we have received from you.

All the staff have said it has been great to see the children online and also those who have come to school to collect learning packs. We miss you all.

We know this is a really hard time for parents and we all think you are doing a brilliant job in supporting your children in their learning, while having to juggle many other jobs as well. So well done everybody. All any of us can do, is to try our best and no one can ask any more than that.

Mental health resources

Following on from last week's Children's Mental Health Week, the DfE have posted on their blog some useful links and sources of support so that children, parents, carers, and school and college staff can get the advice and help that they might need. Please see the link below:

Contact Tracing over February half term

Schools continue to play an important role in contact tracing for those pupils and staff who continue to attend their school. Public Health England (PHE) recognise the challenges of this responsibility during holidays. Given limited numbers on-site, PHE expect contact tracing activity to be reduced but this remains vitally important in the continued national effort to limit the spread of the virus. Where pupils or staff still attending their school test positive having developed symptoms within 48 hours of being in school, the school is asked to assist in identifying close contacts and advising self-isolation, as the individual may have been infectious whilst in school.

So, if your child has continued to attend Stanley Road during the latest lockdown and has developed symptoms within 48 hours of being in school (that will be by 3.15pm on Sunday) can you please inform the School Office so that we can inform Local Health Protection Team please.

Reminder of the three main Covid 19 symptoms.

These are the three main symptoms of coronavirus. If you get just one of them, you should get a test.

- New and continuous cough - coughing a lot for more than an hour, or having three or more coughing episodes in 24 hours.
- Fever - a temperature above 37.8C.
- Change in smell or taste - either you cannot taste or smell anything, or these senses are different to normal.

School reopens for vulnerable and critical worker children after half term on Monday 22nd February.

Take care and stay safe

Kind Regards,
Mr Brownsword
